INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the High Point City Directory since 1933), presents to subscribers and the general public, this, the 1962 edition of the High Point City Directory, which also includes Allen Jay, Archdale and Emerywood Estates.

Confidence in the growth of High Point's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting High Point to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the High Point Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of High Point. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like High Point, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of High Point, and the name, official personnel, nature and address of each firm and corporation in the community.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of High Point and vicinity.

The High Point Out-of-Town City Directory Library

Through the courtesy of the publishers of the High Point City Directory, a Directory Library is maintained in the offices of the High Point Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities and towns of the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Origin of Name

High Point derived its name from a statement made by Captain Gregg, chief engineer of the surveyors of the North Carolina Railroad, from Goldsboro to Charlotte (now leased by the Southern Railway); in which he said, "This is the highest point along the whole survey, so we will mark it High Point."

Southern Furniture Exposition Building

Industry

High Point occupies the unique position of being the Southern center of two major industries—furniture and hosiery manufacturing.

The first furniture factory was established in 1888—today there are 100 furniture factories located here manufacturing a complete line of wooden household furniture including office desks and other equipment.

Located here are 6 furniture exhibition buildings for the exhibition of furniture, rugs, floor coverings and other household furnishings to the dealer—the fourteen-story Southern Furniture Exposition Building, the Tomlinson Exhibition Building, the Merchandise Mart, the Southeastern American Furniture of Martinsville, New South Furniture Building and the Manufacturers Furniture Market, with combined floor space of 619,920 square feet. Over 555 manufacturers of household furnishings exhibit their products in this—This Southern Furniture and Rug Market. SFE Building has 23 acres of exhibit space.

The daily capacity of the 30 hosiery mills of High Point exceeds 60,000 dozen pairs of hose. The manufacture of hosiery ranges from infants' hose to full-fashioned hose, the volume in men's half hose being predominant. First hosiery mill established in 1905.

There is a wide diversity of manufacturing in High Point—in addition to 100 furniture factories and 30 hosiery mills, there are 290 other diversified manufacturing plants. Among these are plants manufacturing: Overalls, work shirts, men's summer clothing, mattresses, box springs, pillows, veneers, plywoods, fibre glass boats, art glass, paints, enamels, varnishes, lacquers, sealers, stains, fillers, undercoats and reducers, building material, mirrors, glass furniture and novelties, toys, hosiery transfers, embossers' labels and seals, silk and rayon weaving, hosiery and underwear yarns, dyes, chemicals and textile oil specialties, paper boxes, corrugated shipping containers, television cabinets, textile spools, polyether foam, electronics, tools and dies, etc.

The manufacturer will find in High Point many advantages so necessary for successful and profitable operation (this is proved by the successful operation of plants now located here). Among these are climate (good living and working conditions); availability of intelligent native labor, 79.8 per cent native white, 19.7 per cent Negro, 0.5 per cent foreign-born; harmonious industrial relations; efficient public utilities; adequate electric power and modern municipal facilities.

Located on main line of the double-tracked Southern Railway System between Washington, D. C. and Atlanta, Ga.

On the High Point, Thomasville & Denton Railroad, a locally-owned and successful short-line railroad connecting, through the Winston-Salem Southbound Railroad, with the Norfolk & Western Railway, the Atlantic Coast Line Railroad and the Norfolk Southern Railroad, with through rates and service applying.

Air service through the Greensboro-High Point Airport is furnished by Eastern Airlines main line, Capital Airlines and Piedmont Airlines.

Sixteen motor-freight lines operate out of High Point.

Charter and Form of Government

The original charter of the City of High Point was granted by the State Legislature in 1859. The present council-manager form of government was inaugurated by charter amendments in 1915 and 1931.

The present charter provides for a city council consisting of a mayor and eight councilmen.

High Point is operated under a modern city-manager charter which places responsibility for efficient operation of all departments upon the city manager and delegates to him authority commensurate with such responsibility.

Pursuant to provisions in the State of North Carolina Constitution, no new indebtedness may be created in any fiscal year in excess of 66.67 per cent of the amount retired during the previous year except by vote of the citizens.

Electric Distribution System

The City operates its residential and commercial electric system with considerable net profit. The City's charges for electric current sold to its residential and commercial consumers are no greater than those charged for similar classes of service rendered by private utility companies operating in this area. Duke Power Company supplies all electricity in our area and distributes industrial power.

Education

HIGH POINT COLLEGE is one of the most dynamic and progressive institutions of the South. Its fundamental purpose is to prepare students for the tremendously important leadership roles of the future. In doing this, it stresses active participation and responsibility on the part of the students for their learning experiences.

It is accredited by both state, regional, and church agencies and its curriculum provides for both the A. B. and B. S. degrees in 17 major fields. High academic standards are maintained and only those students who show leadership potential and are in the upper half of their high school graduating class are admitted.

In addition to the regular college program, High Point College maintains an evening college for those who work and numerous special conferences, seminars, workshops, and short courses. It was the first college in the South to offer laboratory programs in leadership and continues these programs for students, faculty, church, educational business, and religious groups.

The enrollment of 1,200 represents 21 states and 5 foreign countries. The campus consists of 57 beautifully wooded acres with modern fire-proof buildings. Tuition and costs are maintained at a minimum to assure an education for anyone with the aptitude and the ambition.

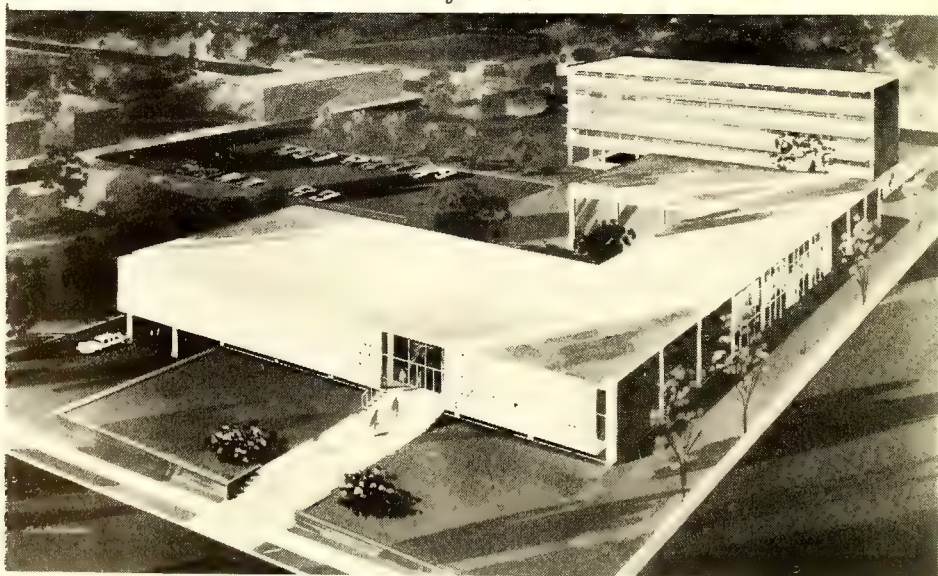

Public Schools—The City Schools system, with an enrollment of 11,400 and a professional staff of 450, includes eighteen schools, consisting of 2 Senior High Schools, 3 Junior High Schools and 13 Elementary Schools, housed in buildings valued at \$12,288,000.00. A Vocational School, operated in cooperation with the Guilford County Schools, which offers practical and technical training, is located nearby at Jamestown. Six public schools of the Guilford County System are located on the edges of High Point.

Private Schools—The Educational Directory of North Carolina lists 31 nurseries, kindergartens, and sectarian schools in High Point.

Colleges—High Point College. Colleges located within easy commuting range. Wake Forest College, North Carolina College, Greensboro College, Woman's College of University of North Carolina, Guilford College, Bennett College, Greensboro Evening College.

Recreation Area and Climate

City Lake Park—969.36 acres. FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

HIGH POINT

NORTH CAROLINA

It is said that the main reasons which determine
industrial location are. ..

MARKETS: The Market of the areas of which High Point is the center is the most important in the South and Southeast. Here the average income is higher, industry is relatively concentrated and farming is more productive. Statistically, in nearly every economic characteristic this section compares on a basis of equal or better with national averages. Nearly every type of consumer goods sells on a par with any section of the country, per dollar per capita. Accessibility to the nation's biggest markets is both fast and convenient. We can well be proud of our schools, colleges and recreational facilities.

MATERIALS: These same areas produce timber, cotton, tobacco far in excess of local needs . . . many other raw materials are conveniently accessible in bordering areas and a road and rail network brings the entire Eastern Seaboard, the East and Middle West within economical hauling distance. Power facilities are ample and growing. Water is plentiful.

LABOR: Labor is intelligent, 90% native and in good supply. In skilled trades, it is now in the second and entering the third generation.

Data on taxes, climate, suitable sites, available buildings for industry and community living conditions are available through:

"r" — RESIDENT

"h" — HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

THE SOUTH CHAPEL — The above picture shows the south side of our Chapel, consisting of two large rooms, offering ample space for Slumber room and Family room; or it may be used for Chapel space. It is equipped with fold-away doors and may be used as a private Family room during Chapel services.

There is a private entrance to the South Chapel.

THE NORTH CHAPEL — This is a picture showing the north side of our Chapel. This, like the south side of the Chapel, consists of two rooms which provide ample space for a Slumber room and Family room. For Chapel services, both the North and South Chapels may be thrown together, providing seating space for 250 people.

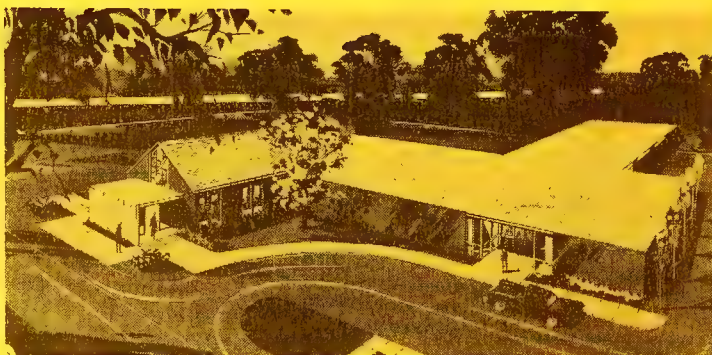

MAIN ENTRANCE HALL — This picture shows the wide Entrance Hall which affords easy access to all the facilities of the building. On the left is the South Chapel and on the right is the North Chapel and the main office. In the rear are the Ladies' Lounge and the Men's Lounge.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Don't Use an Old Directory!

One Address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

*Why not avail yourself of fresh
information for your daily use?*

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the not real medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on Being Well Represented in Its Pages

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.
